Tomorrow!

- Let your light shine!
- Why are you here???
- Challenge...find 1-3 students per year!
- Thank a Teacher!

From Students...

- Treat all students fairly, do not pick favorites.
- Stay on track, do not deviate!
- Be careful with emails and texts to students.
- Teach in a fun manner!
- Do not leave your room during tests...students will cheat!
- Watch appropriateness of videos and slides.

Thought to Ponder

- The research shows that the quality of the teaching matters more than the size of the class. When you walk into a classroom, ask the students, “What are you doing right now? Why? Most students can answer the first question, but not the second. However, the second question is the most important.

Another Thought...

- If every staff member and student cannot recite the mission or vision of the district, we do not have a working or effective mission or vision!

“In order to excel, you must be completely dedicated to your chosen sport. You must also be prepared to work hard and be willing to accept constructive criticism. Without 100 percent dedication, you will not be able to do this!”

Willie Mays
