## Technology Inventory

- ★ All students have a Google account.
- ★ Each school has a computer lab with 23-25 computers.
- ★ Most classrooms have 3-4 iPads with wifi access.
- ★ Students attend computer lab with a technology teacher once a week, but the lab is open for classroom teachers to take students as well.

Walrus **have tusks**. They can swim.

---

---

---

---

---

---

---

Polar bears swim in the water. Fat keeps them warm.

Soon basketball season started and Sami signed up. She was lucky because she got on a good team.

---

---

---

---

---

---

---

---

On her last game she made her first basket ever. It was a buzzer beater 3 pointer! She made it by shooting a granny shot. The whole team was happy for her and they won the championship.

---

---

---

---

---

---

---

---

She grew and grew until she made it into the WNBA. She married LeBron James and designed the LeBron James shoes. Her nickname was Shooter Sam.
