

Road closure will impact you getting to the Greater Columbus Convention Center Loading Dock

During the upcoming Capital Conference and Trade Show, a section of Goodale St. will be closed. The section, marked in red, is between High St. and Convention Center Dr. You will not be able to use that section of Goodale St. to get to the loading docks of the Greater Columbus Convention Center. Alternatives are taking Convention Center Dr. off of Vine St. (marked in blue); taking the High St. exit on westbound I-670 coming from I-71 (marked in purple); or taking 4th St. to Goodale St., turn left onto Goodale St. and then left onto Convention Center Dr. (marked in green).

Please forward this email to all your staff that will be coming to the Capital Conference. Please contact me if you have any questions.
