Leading to Go **Beyond 2nd** Order Change

- Shake-up **Remove and replace** the status quo
- Expect some things to seem **worse-impossible**
- Propose new ideas **Be future focused**
- Operate **Never waiver** from strong beliefs
- Tolerate **Transform** ambiguity and dissent **into empowerment and commitment**
- Talk **Live and implement what** research and theory **talk about**
- Create **explicit goals for change-a strategic design**
- Define success in terms of **goals strategic alignment and results**

District Work Plan

DISTRICT MISSION AND VISION

OUR MISSION:

The mission of the Marion City Schools is to inspire a community of achievement.

OUR VISION:

In order to realize our mission, we will strive to achieve and maintain our vision of:

- Providing an innovative and rigorous instructional model to ensure each student's academic and personal development.
- Collaboratively establishing a safe, respectful and caring environment that promotes student learning.
- Establishing processes to communicate and collaborate effectively with stakeholders.
- Managing and prioritizing human and financial resources effectively to meet district goals

The Pillars of Marion

Diploma Plus+

Marion City Schools must provide young people with the knowledge, skills and experiences to enable future citizens to lead productive and fulfilling lives.

1. Make Career Preparation matter to schools, parents and students.
2. Set higher bar for career preparation programs and support student with relevant learning by fully embracing PBL
3. Develop multiple pathways to reach success.
4. Provide business and community partners with an expanded role in education.

Marion is working to make career preparation matter to schools and students.

- A. Share out "Prepared for Success" measures by equalizing CCP, AP, and CTE equally!
Prepared for Success
Work through partnerships at ODE for certifications and credentials
- B. Communicate and celebrate rigorous career ready indicators.
#AcceptanceDay
- C. Stay vigilant and committed to the work of the community.
Year 13

Marion is working to set higher bar for career preparation programs and support students with relevant learning by embracing PBL.

A. Build capacity for educators to more effectively engage students in high-quality, career-relevant instruction through deeper community engagement as well as strengthen career guidance and support services.

Partnering English Teachers and CTE staff
Allocating Collaborative Time for Leadership
Simulated WorkPlace

B. Build capacity of employers to deeply engage with young people as meaningful thought partners.

Continuing Work

MARION is developing multiple pathways to reach success.

A. Folding Career Tech into the comprehensive HS experience

Clusters

GPS

Pathways

B. Work with employers to increase work-based learning opportunities to expose students to career options and connect what they are learning to the world of work.

GRADUATE PATHWAYS to SUCCESS

VISION

The Marion Technical College GPS mission is to provide underserved high school students a pathway to college education and an improved quality of life while in high school.

MISSION

The Marion Technical College GPS mission is to provide underserved high school students a pathway to college education and an improved quality of life while in high school.

GOALS

1. Provide students a pathway to earn an associate degree while in high school.
2. Create academic pathways from high school through college.
3. Get students on a college track early in their high school experience.
4. Transform the traditional secondary education experience.
5. Help students and their parents understand and navigate the GPS college pathways.
6. Provide support services to students to help them be successful.
7. Help students earn transferable college credits.
8. Support student graduates to meet local workforce needs.

GPS Cohort 2020

Who's Next?

Marion is providing business and community partners with an expanded role in education.

A. Enlist the employer community as a lead partner in identifying high-demand, high-skill industry sectors important to the region.

- Design Team
- Talent Team
- Economic Development

B. Engage the employer community in designing pathways in secondary school starting in the seventh-grade that develop the specific knowledge and skills needed for entry-level work within high-demand, high skills industries.

- GEARUp
- Naviance
- Student Input

C. Establish intentional/structured process allowing business and schools to join.

- Work in Progress
- TBD

Simulated Workplace

OVERVIEW
Marion City Schools and Business Academy have implemented a new initiative, "Simulated Workplace". This initiative will:

- Improve students' career readiness skills and provide them with hands-on experience in the workplace.
- Provide students with the opportunity to earn credit while working in a simulated workplace environment.
- Provide students with the opportunity to earn credit while working in a simulated workplace environment.

CAREER FOCUS AREAS

- Global Logistics & Supply Chain Management
- Health Technologies
- Manufacturing
- Automotive Technologies
- Construction Technologies

How will Business Academy assist?
Business Academy will provide students with the opportunity to earn credit while working in a simulated workplace environment. This will be done through a partnership with Marion City Schools and Business Academy.

What is the benefit?
The benefit of this initiative is that it provides students with the opportunity to earn credit while working in a simulated workplace environment. This will help them to develop the skills and experience they need to succeed in the workforce.

What does this do for the community?
This initiative will help to develop the workforce of the future by providing students with the opportunity to earn credit while working in a simulated workplace environment. This will help them to develop the skills and experience they need to succeed in the workforce.

**Developing
Marion's
Future
Workforce
Today!**

WE ARE BUILDING A

BETTER COMMUNITY

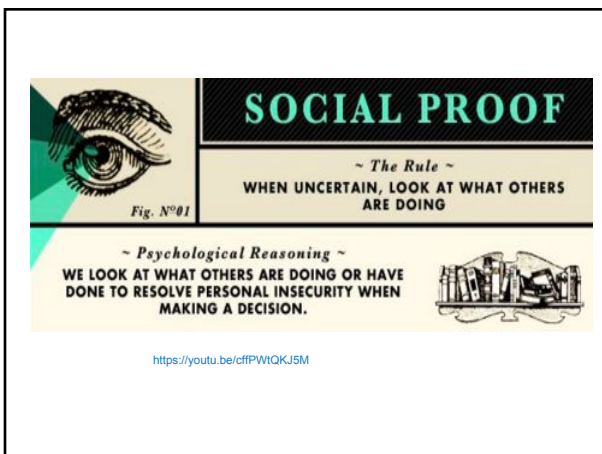

MARION CITY SCHOOLS
Marion City Schools is a public school district located in Marion, Ohio. It serves students from kindergarten through 12th grade.

Mr. Gus Comstock- Marion CANDO

NO JOB TOO BIG FOR MARION

Advertisement for the film 'Marion' (1934) featuring a man in a boat and a woman on a cliff. The poster includes the title 'MARION' in large letters and a list of cast members: 'MARION - DRAGLINES - CLAMHELL - CRANES - PORTAL CRANES - WALKERS'. The poster is surrounded by four orange text boxes with white text: 'EducationIsACivilRight' (top left), 'NoJobTooBigForMarion' (top right), 'WeRPrexies' (bottom left), and '#SMARTMarion' (bottom right).

#Educate
