Ohio's inventive public school programs highlight the 2019 Student Achievement Fair

COLUMBUS — A mobile career lab that introduces students to in-demand jobs through interactive resources and a student-led credit union will be among 100 innovative Ohio public school programs and projects featured next month at the Ohio School Boards Association (OSBA) Student Achievement Fair.

The Student Achievement Fair at the 2019 OSBA Capital Conference and Trade Show highlights outstanding learning initiatives created by Ohio public school districts. The celebration of learning and achievement, in its 21st year, will take place from 10 a.m. to 2 p.m. Monday, Nov. 11, at the Greater Columbus Convention Center.

More than 9,000 public education stakeholders will attend the Capital Conference from Nov. 10 to Nov. 12. In addition, nearly 600 exhibitors will display their goods and services at the Trade Show, one of the nation's largest education trade exhibitions.

News media are invited to cover the Student Achievement Fair as well as other conference events (*check the list on the next page; a district from your area is likely participating*). Contact Angela Penquite (*phone, email listed at top of release*) for details about free media registration. For complete conference details, visit <http://conference.ohioschoolboards.org>.
